PROFESSIONAL SUMMARY

Computer Science student with practical experience in Java and web development. Skilled in building responsive user interfaces and developing functional web applications with authentication and data filtering. Recently completed a Web Development internship, delivering high-quality, user-centered solutions.

EDUCATION

Rajiv Gandhi University of Knowledge Technologies (RGUKT), Ongole

B.Tech in Computer Science and Engineering

July 2022 – May 2026

CGPA: 8.3

Rajiv Gandhi University of Knowledge Technologies (RGUKT), Ongole

Pre-University Course (PUC)

June 2020 – May 2022

CGPA: 9.63

EXPERIENCE

Elevate Labs

Web Development Intern

May 2025 – June 2025

- Developed a **Personal Finance Dashboard** using HTML, CSS, JavaScript, and Bootstrap to track user financial data.
- Created dynamic charts for real-time visualization of spending trends and improved UI responsiveness.
- Collaborated on front-end and back-end tasks to ensure high performance and seamless deployment across devices.

TECHNICAL SKILLS

Languages: Java, C, C++ JavaScript.

Web Technologies: HTML5, CSS3, JavaScript, Bootstrap, Responsive Design.

Tools: Git, GitHub, Visual Studio Code.

Areas of Expertise : Quantitative Aptitude, Strong Mathematical Skills, Analytical Problem solving.

Core Concepts: OOP, DBMS, Data Structures.

PROJECTS

Job Portal Application

- Built a front-end job portal displaying various job listings with a modern and intuitive user interface.
- Implemented secure login authentication and search filters to help users find relevant job opportunities.

Citrus Leaf Disease Severity Detection

- Built a machine learning model to classify disease severity in citrus plants using image classification.
- Applied image preprocessing and data augmentation techniques to enhance model accuracy.

- Designed an intuitive interface for image uploads and provided instant diagnostic feedback.
